

WINE COUNTRY WILDLIFE CONSERVANCY

Become One Voice is a dedicated nonprofit organization committed to conservation and environmental education for Safari Encounters programs. We are excited to embark on an ambitious project to establish a new zoological educational center called Wine Country Wildlife Conservancy in our community, and we kindly request your support in the form of a donation to help make this vision a reality.

The primary objective of our project is to create a haven for wildlife conservation, education, and community engagement. Our mission is to preserve the natural environment and foster a deeper understanding and appreciation of the animal kingdom. By establishing this facility, we aim to provide a safe and enriching habitat for various endangered species while also offering educational programs that inspire children and adults alike.

To achieve these goals, we require a suitable parcel of land with ample space and natural resources to accommodate the zoo's infrastructure and ensure the well-being of the animals in our care. We have conducted extensive research and are reaching out to see if you would be open to supporting this project with a land donation / sale or donation towards the 700k education center with the ability to support our local school groups and community. Once land is obtained we plan to start building immediately and have the ambitious goal to open within 1 year. This includes the movement of over 100 animals from our current facility and new construction. We understand that the donation towards land and building is a substantial commitment, and we assure you that your generosity will be acknowledged prominently.

Furthermore, as a registered nonprofit organization, all donations made to us are tax-deductible to the extent permitted by law. We will provide you with the necessary documentation and assistance to ensure that you receive the appropriate tax benefits for your contribution.

I would appreciate the opportunity to discuss this matter further and address any questions or concerns you may have. I am available at your convenience for a personal meeting or a phone call. Together, we can make a profound and lasting impact on our community and the conservation efforts we hold dear.

Thank you for considering our request. We eagerly anticipate your positive response and the possibility of collaborating on this exciting endeavor. Your support will make a significant difference, not only for the animals but also for future generations who will benefit from the educational experiences Wine Country Wildlife Conservancy will provide.

Thank you once again for your time and consideration.

Sincerely,

Brandi Blue
